Once again I can't believe that we are still beating the dead horse; that gets brought back every session! There are many many reasons for killing the bill, the most important is public safety...direct shipping takes away all barriers' to selling to intoxicated individuals, and under aged people. Not to mention all of the training and direct oversight of liquor laws and enforcement that all of our businesses are subjected to on an annual basis.

Clearly, all retail establishments in the state are completely against this proposed bill.
