

Betty Robinson
Topsham
LD 1149

I have used the voting drop box in Topsham for voting for nearly 6 years. It makes voting convenient for me as a senior for whom standing in lines is too hard on my back. If this bill passes, that will no longer be possible, which will make the likelihood of my voting in every election less likely.

LD 1149 is a solution to a non-existent problem. We have little to no voting fraud in Maine. Rather, the bill's intent is to reduce voting access which is anti-democratic. Please consider the wider picture and vote no on LD 1149!
