

Ought not to Pass: LD 1149 - An Act to Require an Individual to Present Photographic Identification for the Purpose of Voting

I oppose the requirement for photographic identification for voting for the following reasons:

- **There is no evidence that voter fraud is an issue in the State of Maine and a bill such as this is based on misinformation and fear of those “not like us”.**
- **Obtaining a photographic identification if an individual does not have a driver’s license requires time and expense to travel to a State authorized office, time and money that many can not afford.**
- **Dismissing an absentee ballot due to signatures not matching is not a reason for denying that person’s right to vote. Over time one’s signature does change with age, illness and injury.**
- **Providing readily available access to absentee ballot allows more citizens to vote, an expression of our democracy.**
- **The distribution of ballot drop boxes for absentee ballots allows more opportunity for the working individual to vote.**
