

Brandon DaRosa
Industry worker
LD 1897

"My name is Brandon DaRosa I am a resident of Massachusetts I work in the cannabis industry and the 30 day grace period allowing RIC/IIC holders to begin working while waiting for their physical card to arrive in the mail would be a helpful change. Currently, new employees can not be quickly onboarded, which makes filling positions more challenging and last-minute emergency staffing impossible. This would solve a major hurdle faced by industry operators and workers. Thank you for your time, and please vote ought to pass on LD1897"
