

Christopher Lutrario  
Staten island ny  
LD 1840

I vote yes on the bill LD1840 I support anything that helps make cannabis and new growers and distributors life's become easier and I don't believe marijuana should have extreme scrutinized testing as a I have been using Maine marijuana products for a long time and have only seen a benefit in my health markers as opposed to when I use marijuana from my home state of ny where brands are forced to do testing that doesn't help!!!!
