

David Stephenson
Hazy Hill Farm
LD 1897

Hello my name is David Stephenson. My wife and I are the owners of Hazy Hill Farm. We have 3 children that we support with our cannabis businesses. Our mission is to provide the best quality cannabis products we possibly can for our customers and patients. I am also an owner at High Peak Edibles where we make hand crafted edibles for both the AU and the medical market. I am one of the first caregivers in the state dating back to 2010. I own a medical dispensary, an AU store, 2 AU processing licenses, and a AU cultivation license. Between both companies we have 40 employees with about 20 of those supporting families of their own. I am also a proud member of the Maine Craft Cannabis Association.

I support LD 1897. With rising energy costs and environmental concerns, I believe that sun grown cannabis is the future of our industry . Sun grown cultivators have a shorter window of time they can grow and therefore a larger canopy or plant count is justified. The state should support sun grown cannabis and this bill.
