

Daniel Dickey  
Spruce Head  
LD 2160

Dear committee, my name is Daniel, a Spruce Head resident and dedicated patron of the small businesses of Mid Coast Maine, I'm writing to express my support for the LD 2160 Bill - An Act To Modify Provisions of Law Affecting Small Distilleries. I believe this bill will be a boon to ease the expense of operation, and support in the prosperity of, small distilleries in the state, which I've seen act not only as essential small-business contributors in an increasingly turbulent economy, but additionally serve as important social centers for their local communities. Any bill that makes more accessible and affordable the operations and livelihood of our local small-business owners and community leaders has great value to the interest of all the residents of the state.

Thank you kindly for your time,  
- Dan
