The intern will be researching current Juvenile Justice Advisory Group programs to determine where gaps in services may be within the Department of Corrections. The intern will also be issuing a report on that research and developing an annual report. This position will be funded with federal funds. ORDERED,

That the State Controller increase allotment in account 014-12A-Z164-01, Workforce Research Special Projects by \$20,000 in the Personal Services line category for the purpose of providing services for various bureaus within the Department of Labor; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

Positions in the Center for Workforce Research and Information (CWRI) bureau are funded with federal grants. Other bureaus within the Department of Labor ask CWRI staff to do work that is not part of CWRI's federal grants; therefore, the other bureaus need to provide the funding for these ad hoc projects. CWRI will use the Personal Services allotment in the Other Special Revenue account created with this financial order to charge the staff time when doing these projects and the benefiting bureaus will reimburse the CWRI account. If these funds are not allotted, CWRI will not be able to provide the requested services for the other bureaus within the department.

Statement of Fact

This financial order allots a portion of the estimated unencumbered balance forward for the annual membership with Open Justice Broker Consortium. This Consortium is an information sharing resource that brings sharing of resources to the national level, which creates a tool to help state, local, and tribal governments share information between justice agencies. ORDERED,

BY GOVERNOR

That the State Controller transfer \$20,074 from the All Other line category to the Capital Expenditures line category within account 010-16A-0388-01, Drug Enforcement Agency, for the purpose of purchasing a breathing air fill station; and,

Be it further ordered,
that the State Controller increase the allotment in account 010-16A-0388-01, Drug Enforcement Agency, by \$20,074 in the Capital Expenditures line category, and decrease the allotment in account 010-16A-0388-01, Drug Enforcement Agency, by \$20,074 in the All Other line category for the purpose of purchasing a breathing air fill station; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

This financial order transfers funding from the All Other line category to the Capital Expenditures line category in the Maine Drug Enforcement Agency (MDEA) account to purchase an onsite air fill station for the lab response truck. Due to the possibility of dangerous gases being present when entering a designated meth lab site, certified special agents of the MDEA must use a self-contained breathing apparatus (SCBA) providing them with approximately 30 minutes of air to breathe. Safety protocols mandate that two agents are "on air" within the immediate crime scene and two additional agents are on standby. With the increase in lab responses, it has become a logistical challenge to fill SCBA air bottles at a local fire department. Having an air fill station on the lab response truck will provide the immediate availability to fill bottles as needed without delay. Funds are no longer required in the All Other line category for the purpose for which they were originally intended as agents have become more efficient at processing the crime scene.

ORDERED,

BY GOVERNOR

That the State Controller increase allotment in account 014-16A-0291-02, State Bureau of Identification, by \$393,407 in the All Other line category for the purpose of paying invoices related to criminal history background checks; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2017", for which this shall be our sufficient warrant.

Statement of Fact

This financial order increases allotment in the State Bureau of Identification (SBI) account for the purpose of funding the costs of administering the criminal history background checks. Public Law 2015, chapter 267, Part SSS authorized fees for criminal history checks be deposited in this account and be used for this purpose. Failure to approve this order will result in funding not being available to process criminal history checks.
