Senate called to order by President Kevin L. Raye of Washington County.

Prayer by Senator Cynthia A. Dill, Cumberland County.

SENATOR DILL: Good Morning, Please join me in prayer. Oh powerful and peaceful God, in all Your shapes and colors, please inspire us today to do good. Please keep watch over Senator Goodall, his wife Leann and their new baby. Infuse us with energy to work hard and work together. Synchronize our moral compasses so that we may all travel in the same direction forward, onward upward. Humble us. Let us laugh. As we make the laws of this great state, let us all be governed by that ancient, solemn, and familiar rule; may we all treat others as we wish to be treated. Amen.

Pledge of Allegiance led by Senator Ronald F. Collins of York County.

National Anthem performed by Lisa Bark of New Prague, Minnesota.

Reading of the Journal of Thursday, June 2, 2011.

SENATE REPORTS - from the Committee on **TAXATION** on RESOLUTION, Proposing an Amendment to the Constitution of Maine To Use a Portion of the Sales and Use Tax for the Protection of Maine's Fish and Wildlife

S.P. 155 L.D. 563

Senator **TRAHAN**: Thank you Mr. President. Ladies and gentlemen of the Senate, in our daily deliberations it is easy to focus on the issues that divide us. One issue, the love of our environment and all the creatures that call our woods, waters, and skies home, is not one of them. Without question, Maine's clean water, undeveloped wild areas, deer, moose, birds, and scenic beauty are important to all of us in our history, culture, and, hopefully, our future. In the 2001 Bookings Report, Charting Maine's Future, the Bookings Institution recommended investing in Maine's future. Little has happened since the cutting edge report. Our economy continues to struggle; jobs are as scarce as the piping plover, Maine's deer herd has crashed, and the price of gas and food rise daily. The struggle to attract tourists and new business to invest in Maine's business or economy continues. During the last decade, we have lost sight of what makes Maine unique and the little agency, the Department of Inland Fisheries and Wildlife, whose mission is to conserve, protect and enhance the inland fisheries and wildlife resources of the state. The Maine Department of Inland Fisheries and Wildlife touches almost all natural resources that Maine people care about. Recognizing the value of this tiny department, legislative stewards of the past proposed, and the people of Maine ratified, a Constitutional Amendment that placed special protections on the revenue raised by sportsmen to insure that all money raised by license fees would be spent on programs within the department that benefited or related to sportsmen activities. Unfortunately, these important visionary thinkers could not perceive the destructive budget process that would evolve from their well intentioned work. As predictable as the change of the seasons, a small portion of the General Fund money that the department receives annually, and is not protected by the constitutional amendment, is slashed or cut. Sportsmen face two choices; cut programs or increase fees to maintain programs associated with the General Fund. This equates to nothing more than sportsmen subsidizing the General Fund. This clever side step around the intent of the amendment has become the departments Achilles' heel. Inland Fisheries and Wildlife spends 17,700 hours managing endangered species, 10,047 hours supporting other state and federal agencies, 23,050 hours of warden time, including animal damage control and public assistance for information and guidance for public health and safety. Land conservation and management consumes another 8,746 hours. Assistance to other law enforcement agencies in search and rescue takes another 15,828 precious hours. These, just as examples, total over 75,000 hours in programs serving the general public for which they receive virtually no General Fund support. A State statute passed during the administration of

Governor Angus King stated it was the intent of the Legislature and the Governor to cover 18.5% General Fund spending within the IF & W budget unrelated to sportsmen. The ink on this wasn't even dry when the Legislature ignored it. Budget cutting measures have riddled this department. Currently IF & W gets a little more than \$1 million in General Funds, but the freeze on the unfilled positions is what wiped out the money. Again, sportsmen carry the burden of protecting and enhancing all wildlife. Sportsmen are conservationists but expecting their license fees to indefinitely fund programs of the General Fund is unsustainable and in time will lead to unaffordable license fees that only the affluent can afford. Activities like hunting and fishing that was once important elements of our states heritage and culture will be, for many, out of reach. Instead of department personnel, user groups, and members of this Legislature working to protect precious resources, our energy, time, and expertise has transformed into nothing more than annual scrambles that can only be described as robbing Peter to pay Paul. We have lost sight of our collective common interest and have degraded to a level of fighting among ourselves, losing sight of the common goal of a responsible, sustainable wildlife management. Collectively, activities of this agency contribute \$1.5 billion of economic activity within our borders. Who knows what this contribution could be if wildlife biologists and fisheries managers could concentrate on their important work. To be honest, I am embarrassed that we have to create and rationalize new schemes to generate new money. We struggle to justify proposal after proposal like outdoor access cards, new registrations, expanded lotteries, and registration of canoes and kayaks. The list goes on. Such unnecessary battles have left scares on the user groups, the department, and, unfortunately, the wildlife we all find precious. Wildlife management does not recognize down turns in our economy. Endangered species protection is not affected by Wall Street. Fish biology is not impacted by the short term concerns of the elected. Wildlife management is 24hour a day, 365 days a year commitment and must be sustained for years. Anything else is simply doomed to fail. This bill will end this destructive yearly process and commit a portion, a small portion, of the sales and use tax, about \$10 million a year, to pay for General Fund programs in this department. Some might argue this money should remain in the General Fund. I would argue that this money is simply the money that sportsmen pay in license fees to subsidize programs for all Maine people. Arkansas, Missouri, and Minnesota are just a few states that have adopted similar Constitutional Amendments to dedicate a portion of the sales and use tax for inland fisheries and wildlife agencies. This bill was not a new idea, but some states have recognized that investment in natural resource management is an important piece of the future economy and in their prize rural lifestyle. We all benefit from healthy lakes, abundant habitat, search and rescue, bald eagles, piping plovers, and no one has a lock on the love of the outdoors. We all have a commitment and appreciation of wildlife. Maine's natural beauty and quality of life is easy to take for granted, but if we want the next generation and our economy to prosper from our natural resources, it is imperative that we stop the destructive budget process that has left this important agency in shambles. This legislation, like laws passed in other states, dedicates a small portion of the sales tax to conservation. More importantly, it allows biologists, wardens, environmentalists, sportsmen, and those who care about wildlife to concentrate on the goal of protection and enhancement of our natural resources. Ladies and gentlemen of the Senate, I urge passage of this bill. I believe

it will be historic in its nature and will lead to us, generations from now when some of us may be still alive with our children and their grandchildren, to look back and say that this was the day that Maine changed it's commitment to its natural resources. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Woodbury.

Senator **WOODBURY:** Thank you Mr. President. Women and men of the Senate, the Senator from Lincoln, Senator Trahan, has made an absolutely superb case for the important work that is done by the Department of Inland Fisheries and Wildlife. I hope that the Appropriations Committee was taking note as they work on their deliberations on this year's budget. There is no doubt that this is an important part of the responsibility of what we should be supporting with the General Fund. My concern with this bill is a concern with using the Constitution to figure out and to pre-commit a budget process. We have many responsibilities and issues in this Legislature that we face every term. We faced revenue limitations. We faced priorities and pressures. I think, for an example, about the 55% school funding commitment that was made some time ago, also passed by referendum. Is this something that should now get moved into the Constitution? Is the idea that we continually reiterate about having 5% of General Fund revenues go to municipal revenue sharing something we think should go in the Constitution? I just think that budgeting should happen through a deliberated process of which the current Appropriations Committee is doing a truly fabulous job of trying to weight the priorities of the day, given the revenues of the day. Again, I think the needs of the Inland Fisheries and Wildlife Department are important and should receive strong weight in those negotiations, but to budget through the Constitution, I believe, is a mistake. Thank you.

On motion by Senator **WOODBURY** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator **TRAHAN:** Thank you Mr. President. Ladies and gentlemen of the Senate, I just want to answer one concern of the previous speaker and then cite a number for you that might make you feel more comfortable with this Constitutional Amendment. There is already a state law that is the intent of this Legislature to fund this program that has never been met, not even close. I don't think we'd be here if the Legislatures of the past had fulfilled their commitment. This is an extreme measure I know, but I know it has wide spread support amongst the business community, the environmental community, and the sportsmen community. To give you an idea what this might mean for future budgets I just want to give you an example of how just one area of this department could impact, in a positive way, our future budgets. We all know, because we have heard about it, about a recent proposal to restore the deer herd. You all know our deer herd has collapsed in most of the state. Deer hunting, just one element of this department, contributes \$181 million to our economy. There are 146,000 resident hunters and 30,000 non-resident hunters. They directly or indirectly are connected to 4,500 jobs. That is with a collapsed deer herd. Just imagine if

this department had the resources to bring our deer herd back what positive impacts that could have to expand that number even further. Mr. President, thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Alfond.

Senator **ALFOND:** Thank you Mr. President. Mr. President, may I pose a question through the Chair?

THE PRESIDENT PRO TEM: The Senator may pose his question.

Senator **ALFOND:** Thank you Mr. President. I would love to know the last time that a program or a department was put into the State Constitution.

THE PRESIDENT PRO TEM: The Senator from Cumberland, Senator Alfond poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator **TRAHAN:** Thank you Mr. President. Ladies and gentlemen of the Senate, I do not know the exact year, but there was a Constitutional Amendment for this very department as I spoke of earlier. Certainly I can get you the information of when the year was. This department is currently in our Constitution. All we are doing now is fixing loop hole or a problem with that Constitutional Amendment, and that is to have this department fully funded. Thank you.

THE PRESIDENT PRO TEM: The pending question before the Senate is the motion by the Senator from Lincoln, Senator Trahan to Accept the Majority Ought to Pass as Amended Report. A Roll Call has been ordered. Is the Senate ready for the question?

On motion by Senator **TRAHAN** of Lincoln, Senate Amendment "B" (S-237) to Committee Amendment "A" (S-154) **READ**.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator **TRAHAN:** Thank you Mr. President. Ladies and gentlemen of the Senate, I just wanted to let you know what this amendment does. This amendment does not change the amount of money dedicated. What it does do is allow 10% of that dedicated money to go to the Department of Marine Resources for an extremely important conservation program. What the program does at DMR is restore fish passage and restoration to our salt water rivers. The type of program that I am talking about is a program that is shared with IF&W and DMR. The fish coming through salt water and coming into fresh water is where the two programs meet. It would fund that program and would take 10% of the revenues. It doesn't change the amount. It just helps with that program. It also changes the start-up. If this is passed by the people by referendum, and I do remind you this has to go out to approval after we act on it, the people have to approve it and that would put that start-up date July 1, 2013, outside of this biennium that we will be voting on pretty quickly. Thank you, Mr. President.

On motion by Senator **TRAHAN** of Lincoln, Senate Amendment "B" (S-237) to Committee Amendment "A" (S-154) **ADOPTED**.

ORDERS OF THE DAY

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:

SENATE REPORTS - from the Committee on **TAXATION** on RESOLUTION, Proposing an Amendment to the Constitution of Maine To Require Approval by a 2/3 Vote of Each Branch of the Legislature in Order To Raise a Tax

S.P. 183 L.D. 603

Majority - **Ought to Pass as Amended by Committee Amendment "A" (S-230)** (8 members)

Minority - **Ought Not To Pass** (5 members)

Tabled - June 3, 2011, by Senator **PLOWMAN** of Penobscot

Pending - motion by same Senator to **ACCEPT** the Majority **OUGHT TO PASS AS AMENDED** Report

(In Senate, June 3, 2011, Reports **READ**.)

On motion by Senator **TRAHAN** of Lincoln, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Woodbury.

Senator **WOODBURY:** Thank you Mr. President. Women and men of the Senate, I urge you to vote against the pending motion. I believe that a majority is key to a democratic process working well. I don't believe that we want to create a two-third vote. I also get concerned when we specifically talk about raising a tax. I think we have a tax system that is out dated and needs reform and that needs to reweight itself away from certain types of revenue sources and towards other types of revenue sources. I really think that this type of amendment, both because it doesn't allow a majority to proceed but it also makes it very difficult to make the type of reform that I think we need, so I encourage you to vote in opposition to the motion. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Alfond.

Senator **ALFOND:** Thank you Mr. President. May I pose a question through the Chair?

THE PRESIDENT PRO TEM: The Senator may pose his question.

Senator **ALFOND:** Thank you Mr. President. Trying to understand the bill and the amendment, I am trying to understand. The question to the Chair is that any tax and single tax would need two-thirds in both Bodies. Is my understanding of the committee bill and amendment proper?

THE PRESIDENT PRO TEM: The Senator from Cumberland, Senator Alfond poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from York, Senator Courtney.

Senator **COURTNEY:** Thank you Mr. President. I rise in support of this bill. I believe that this bill has come before us before when we were in the Minority. Being consistent, we wanted to put this forward and will continue to put it forward until we can garner the two-third majority it takes to pass it. I think that is an important factor. I think when you have a high threshold of law then there ought to be a real high threshold if you're going to pass a tax on someone. We have consistently suggested that if you want to raise a tax that you get a two-thirds majority. We will continue to do so. I would just parallel this to what we are working on right now with the budget. Our side of the aisle made a commitment that if the budget was important enough, rather to run a majority

budget, it was important enough to work together and try to get to the point of having a two-thirds budget. With that, I would encourage you to support the pending motion. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Alfond.

Senator **ALFOND:** Thank you Mr. President. May I pose a question through the Chair?

THE PRESIDENT PRO TEM: The Senator may pose his question.

Senator **ALFOND:** Thank you Mr. President. I am still going to ask the same question again, does this bill and amendment talk about any tax? My second question would be, does this also involve a tax credit, because I know we have spent a lot of time in this Body passing tax credits, which also takes revenue from the State of Maine. Thank you.

THE PRESIDENT PRO TEM: The Senator from Cumberland, Senator Alfond poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator **TRAHAN:** Thank you Mr. President. Ladies and gentlemen of the Senate, this discussion did occur in the committee on how to define the tax. The way that these Constitutional Amendments work is the details like broad based taxes versus fees are details that are worked out in the statute after the Constitutional Amendment has been approved by the public. I think the general feeling among the committee was that a tax should be broad based, should be a significant tax, and that fees might be treated differently. Given the fact that this bill needed two-thirds to pass both chambers and go out to the public for support, we didn't get any further in details except for what I just described.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Brannigan.

Senator **BRANNIGAN:** Thank you Mr. President. Men and women of the Senate, it sounds like we will be buying a pig in a poke. I am surprised that all Constitutional Amendments are amorphous like that. They may be or they may not be. What are we talking about here? A local tax or excise tax? I just think it ought to be better explained. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Oxford, Senator Patrick.

Senator **PATRICK:** Thank you Mr. President. Ladies and gentlemen of the Senate, colleagues and friends, I think this bill does only half of what it should be doing. If we are going to have a two-thirds majority in order to raise a tax, it seems like to me we are probably giving 10 or 12 tax breaks here which is the revenue for the State of Maine. If you are going to keep cutting your revenue most of the things are roads and our bridges, that are most needy in the state of Maine, aren't going to be taken care of. I am going to be voting against this bill because it only does half. If we have a two-thirds majority to have a tax cut and to raise

taxes, I would be supporting it. I will be voting in opposition to this. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Lincoln, Senator Trahan.

Senator **TRAHAN:** Thank you Mr. President. Ladies and gentlemen of the Senate, to the previous speaker who called it a pig in the poke, if there is general support from the minority to go to a two-thirds vote to do this, I will table this bill and I will work with you to define what those taxes are. Then we can bring forward a bill that will clearly state what a tax is and then we can go ahead and pass this. If you would like to do that, I will do that. I will say that for all Constitutional Amendments, no. If a Constitutional Amendment is very clear on its principle, it is spelled out in the Constitution, no, you don't need statutory language to follow it. There are certain amendments that do. I worked this out with the Revisors Office and got an opinion. I can give it to you if you like. It spells out the process for Constitutional Amendments and then the statutory language that then follows in a bill. If certainly there is a vote to get two-thirds, I will do that work with you. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Bartlett.

Senator **BARTLETT:** Thank you Mr. President. I think it would be extraordinary difficult to clarify or define by statute post if a constitutional amendment was done by a tax. Certainly you can, by statute, narrow the scope of a constitutional requirement. You can expand, potentially, rights and opportunities in a constitution through statute, but you certainly can't circumscribe them. If a constitution says you must vote on a tax, anything that a court would see that is a tax or resembles a tax is going to be subject to this requirement. That would involve every licensing fee, fees on health insurance premiums, or any potential fee or tax along the way would be subject to this requirement. What I have a difficulty understanding is why we feel compelled to go down this road. We come here to the Legislature, we make our arguments, we debate the merits of bills, we come to a consensus, typically, on a two-thirds budget that deals with our spending and taxing priorities. Why do we need this? Why is it that we feel we need a minority to be able to veto things done by the Legislature? It violates our majority rule principles. It seems counter to what the people sent us here to do. I often am approached by people campaigning who are stunned when we talk about sending things out to referendum. They say, "What did we elect you for? We want you to go and establish the priorities of the state." We shouldn't end up getting gridlocked by creating artificial barriers on ourselves. I think this is the wrong approach. I certainly think that something as broad as a tax could end up handcuffing this Legislature in a way that I don't think either party would appreciate. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The pending question before the Senate is the motion by the Senator from Penobscot, Senator Plowman to Accept the Majority Ought to Pass as Amended Report. A Roll Call has been ordered. Is the Senate ready for the question?

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

Senator **MASON** of Androscoggin moved the Senate **ACCEPT** the Majority **OUGHT TO PASS AS AMENDED BY COMMITTEE AMENDMENT "A" (H-418)** Report, in concurrence.

On motion by Senator **ALFOND** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Gerzofsky.

Senator **GERZOFSKY:** Thank you Mr. President. Ladies and the gentlemen of the Senate, the only thing I have to say about this bill in front of us is that its Majority Report is only slightly worse than the Minority Report. I will now sit down and we can vote.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Penobscot, Senator Schneider.

Senator **SCHNEIDER:** Thank you Mr. President. Men and women of the Senate, I wish to pose a question through the Chair. Can somebody please tell me what the fiscal notes are on the issue before us? Thank you.

THE PRESIDENT PRO TEM: The Senator from Penobscot, Senator Schneider poses a question through the Chair to anyone who may wish to answer. The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator **KATZ:** Thank you Mr. President. Men and women of the Senate, it is my understanding that the fiscal note with respect to the Majority Report is for fiscal year 2011 through 2012 and 2012 through 2013. \$3,087,000, \$3,428,000, \$3,428,000, and \$3,428,000 for each of those years.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Penobscot, Senator Schneider.

Senator **SCHNEIDER:** Thank you very much Mr. President. Men and women of the Senate, I would just like you to think about the additional expense at a time when we are cutting all kinds of really important things and, again, we have still not funded K-12 education as we are suppose to. That is a roughly \$428 million. That discussion seems to have completely gotten lost in the shuffle. I am very concerned about this constant additional money that we keep sending to the table in light of the fact that we are cutting a lot of really important things and in addition we have not anteed up what we ought to for K-12. Thank you very much.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator **KATZ:** Thank you Mr. President. Men and women of the Senate, I appreciate the sentiment of which this bill was brought, I think we all agree that cocaine is a destructive substance in our society that we all should do what we can in the Legislature to rid ourselves of it in our towns, cities and state. Those who traffic in it, who attempt and succeed in getting our kids addicted to it, should be prosecuted convicted and put in jail, but a one size all law that makes felons for life. For a kid who gets caught with a relatively small amount of cocaine in his or her possession, what

does that accomplish? Number one, it fills our jails up. It adds another new person that we are all going to have to pay for and puts a strain on our scarce resources. Maybe more importantly, it makes a felon out of somebody for life, absent a Governor's pardon. I think that we all understand the implications of that. If someone wants to get into the military, if someone wants to get in to college, or apply for a job, those of us who remember applying for jobs, what is the first question they ask you on a job application? Have you ever been convicted of a felony? I am sure it will be argued that making a position of a relatively small amount of cocaine or crack cocaine is a deterrent. I am sure it is to a certain extent, but so would it be if we make theft of a candy bar a felony. We would be adding an additional deterrent to theft of the candy bar, but at what price? I hope we all want to save the prisons for serious traffickers in drugs and violent offenders and let's not ruin people's lives with a felony conviction for what might be an isolated indiscretion. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Gerzofsky.

Senator **GERZOFSKY:** Thank you Mr. President. Ladies and gentlemen of the Senate, I agree with everything I just heard, because the Senator from Androscoggin is absolutely right. This is what we talked about in committee. The fiscal note that we talked about in committee. We knew that this was going to be a very high price. As you see, I am not on the Majority Report. I went on the Minority Report knowing that I believed it would still wind up going down to the Appropriations Table and being dealt with appropriately. The committee, in the past, we had issues with overcrowding our prison system and our jail system. We have dealt with that over the last several years with jail consolidation and other issues. We also have a little bit of an issue with being able to raise time in jail on many, many bills with no accountability because there is no fiscal note in Criminal Justice but there had been from the last couple of sessions. We've known that it costs money to incarcerate people. It costs money to try people. What we have been trying to do, and what the current law is, is that with the first offense anybody can make a mistake. This is a relatively small amount. There is nothing whatsoever to do with dealing or trying to sell drugs. It has strictly to do with possession of drugs. We thought it is better to get the fine the first time and the time the second time because by the second time you get caught, we know you are not paying attention. We looked at that much differently. We were also able to go in front of Appropriations and have a bill that usually had a positive impact instead of a negative impact on the first offense. This bill changes all that. That is why I voted against it. We debated against it. Now it is here today. I thought we could have a quiet little move of the Majority Report and sit right back down after saying it was slightly worse than the Minority Report, but both of them are worse. I agree with everything I have heard said here today. My views have not gotten any better as I moved to one Body to the other, but you can't put enough makeup on this bill to make it any better. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you Mr. President. Ladies and gentleman of the Senate, just a little background. We dealt with this issue a few legislatures ago when I was Chair of the Criminal

Justice and Public Safety Committee. I think we did a pretty good job, and the full Legislature did. We talked about the possession of 4 grams. What we said was if the State can prove that this person has been previously convicted of having this drug then yes, we will go to a Class C. I think that made a lot of common sense. This bill now, what the Majority Report is saying is that you are going to go to a Class C anyway, right off quick. That seems to be, as the good Senator from Kennebec pointed out, a quick jump for that amount. This does not suggest we are not tough on drug use. We are. We just, I think, had a logical, common sense approach to this. I think we don't really need to have this Majority Report and I would urge you to vote against it. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from York, Senator Hobbins.

Senator **HOBBS:** Thank you Mr. President. Men and women of the Senate, at first when I saw this bill the cynical reaction is to vote for Report B, the bill will go on the Appropriations Table and, because of our fiscal problems, it would probably die. Quite frankly, when you look at this bill in the context of what it could do to families, to individuals and, whether or not this bill is really what we need to do to address it, the real issue is, in many cases, substance abuse. The young individual who, unfortunately, experiments with a drug, in this particular case cocaine, can very easily become addicted to this type of drug, opiates. We have a significant problem here in the state of Maine. We really have one with younger age individuals. This bill does not address where the issue should lie. If you want to make criminal offense at an elevated level, it is the dealers, the traffickers, the individuals that are out there, that are the pariahs among many young kids. To give someone a felony record for a very small amount of cocaine, or any substance, you really have to think twice about what that does. I have been a lawyer for 32 years. I have fortunately been able to, in many cases, save some kids lives by having a understanding prosecutor or an understanding judge or an understanding councilor work with me to try to mitigate the wrong of an individual, or the mistake of an individual, so it would not permanently ruin that persons life by arranging some type of disposition of the case which included rehabilitation, counseling, and community service. Sometimes incarceration was necessary, but to elevate everything to felonies is really not the way to go. The Criminal Justice Committee, which the good Senator chaired as a Senate member for many years, really looked at the delicate balance of what you should do in cases where you want to have a deterrent effect, but you really don't need to go to have a retribution effect. I think that we really have to look carefully at this. You're not being soft on crime if you vote against this bill. I suppose that's easy for me. I'm term limited out, so I'm a little freer, possibly, about worrying about what would happen if I vote for something that looks like I'm soft on crime. As a lawyer who has been in the court rooms, who has gone to hospitals, and dealt with individuals as a lawyer, as a friend, and as a relative, I can tell you it goes way beyond putting a retribution label to something like this. I urge you to think about the real ramifications. I know that I'm not a criminal attorney by nature, but I have handled hundreds of criminal cases in my 32 years, scores of cases involving drugs. I can tell you that not all of those individuals deserve to have a felony record for what sometimes is a minor indiscretion, a substance abuse problem, or being at the right place at the wrong time. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from York, Senator Sullivan.

Senator **SULLIVAN:** Thank you Mr. President. Men and women of the Senate, I rise in opposition to this motion. If I could I would rise in opposition to the other motion also. One of the things I did last Summer, almost a year ago now, was create a bucket list. One thing on that bucket list was to get over my fear of State Police. I did that. I did a couple of ride-alongs and I sort of got a feel of what went on. Then I took a course for pre-employment. In both of those places it was stressed on me over and over again, especially along the Maine Turnpike when I did the ride-along, that their number one stop is drugs. They openly admitted that they can get a lot more out of something, a stop, if they find a small amount of any drug by talking to that person and saying, "What else can you offer me? I can overlook this." It gives them some leeway. "I want to know where you got this. I want to know what you intended to do with it. I want you to spill your guts. You can save yourself." You've just taken away the first thing we learned. Go to the Criminal Justice Academy because that course I took is put on by the Criminal Justice Academy. Number one thing that police have is discretion. They can decide if they are going to book you for something, charge you, or not. They don't want that little, or big, person carrying a little amount of a drug. They want the dealer. They want the one who is trying to hook your kids on it. I heard the same thing from the class and from the people on the roads who are putting their lives in danger every single day. In good conscience I can't vote for this because we've taken away part of what our policemen need to know to get the big fish. We're going after the little fish. I would ask you, please, let me think that what I decided to put on my bucket list really did make a difference. I did come here and I wanted to pass on some of the things that I learned. It was a great experience. To a person, they all talk about how important it is to be able to go and use that discretion and decide if they can get more out of this stop. In the long run, it serves society much better. Thank you.

THE PRESIDENT PRO TEM: The pending question before the Senate is the motion by the Senator from Androscoggin, Senator Mason to Accept the Majority Ought to Pass as Amended by Committee Amendment "A" (H-418) Report. A Roll Call has been ordered. Is the Senate ready for the question?

(In House, June 2, 2011, the Majority **OUGHT NOT TO PASS** Report **READ** and **ACCEPTED**.)

(In Senate, June 3, 2011, Reports **READ**.)

Senator **THIBODEAU** of Waldo moved the Senate **ACCEPT** the Majority **OUGHT NOT TO PASS** Report, in concurrence.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Bartlett.

Senator **BARTLETT:** Thank you Mr. President. I just wanted to briefly explain what this bill was intended to do. It was brought forward by one of the consumer owned utilities in our state. When we passed the renewable portfolio standard a number of the consumer owned utilities had entered into longer term contracts for their energy. What we are trying to do with this legislation is purely to give them time to comply with their renewable portfolio requirement as their contracts came up for renewal, but no later than 2017. It seemed like a reasonable request for the consumer owned utilities to tend to put a lot more emphasis on energy efficiency for their customers. It seemed like a reasonable approach.

On motion by Senator **BARTLETT** of Cumberland, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Waldo, Senator Thibodeau.

Senator **THIBODEAU:** Thank you Mr. President. Ladies and gentlemen of the Senate, just to clear up any confusion. This bill was brought forward by the Maine PUC not consumer owned utilities. What this bill does is require a consumer owned utility to meet an RPS standard. The reason that the majority of the committee felt that it Ought Not to Pass is because many of these consumer owned utilities have very small loads and, as they look

for contracts or energy supplies to fulfill their needs, it just frustrates their efforts and makes it a much more complicated process for them. When we originally began the RPS formula they were purposely left out, I believe, from the responsibility of meeting this RPS because of their small load. Some people seem to think it wasn't on purpose. Some people think it was. I personally believe it was purposely and that it adds another burden on our consumer owned utilities. Thank you.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Androscoggin, Senator Craven.

Senator **CRAVEN:** Thank you Mr. President. Members of the Senate, I sincerely apologize for being late and thanks a million for holding this for my return. I appreciate it. I just wanted to say a few words about this. This is a resolve that makes an effort to make that sure the people, especially children, don't get too much radiation in their dental visits. It is paid for. The Minority Report says that the resolve includes a one-time fund allocation of \$1,584 in Fiscal Year 2011-2012 to the Board of Dental Examiners affiliated with the Department of Professional and Financial Regulation. That comes out of other special revenue that they have available. The Board does have sufficient funds available and resources to support this legislation without increasing fees. What this would do is pay a per diem for two board members to go to facilities to make sure that children, especially, aren't getting too much radiation when they have certain x-rays done. I just see no reason that we can't pass this bill. I know unless I protest certainly there isn't much change at this age. They try to give me x-rays every year, at least, without pain and without any need for it. For children that are very small, that are receiving too much radiation that they retain in their bodies, I think it's very dangerous. We had a big conversation yesterday about cell phones. They are so tiny and those enormous machines are just very, very strong and potent to be aimed at children's faces every year. I would ask for you to defeat this motion so that we can vote on the Ought to Pass Minority Report. Thank you, Mr. President.

On motion by Senator **CRAVEN** of Androscoggin, supported by a Division of one-fifth of the members present and voting, a Roll Call was ordered.

(In Senate, June 2, 2011, Reports **READ**.)

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Androscoggin, Senator Craven.

Senator **CRAVEN:** Thank you Mr. President. Men and women of the Senate, if I had a chance to talk to my good Chair I really would have and had a conversation and asked if he would reconsider his motion. That was my intent but I got here so late I wasn't able to. The reason for that is that the Majority Report passed in the other Body and I worry that if we vote on the Minority Report that we will then put this excellent piece of legislation in jeopardy. I would like to say just the little bit of difference that there is between the two reports. That is that there are two public health officials added to the study committee that would serve on the committee as well as a person that whose services are supported by the Fund for a Healthy Maine and a person who possesses expertise in the subject matter of a study under this Resolve. All of those people are nominated by the Presiding Officers and the Chief Executive. I would hope that the good Senator would trust the Presiding Officers and the Chief Executive to be fair and balanced in their nominations to the committee. I would ask my colleagues to defeat this motion so that we can vote on the Majority Ought to Pass Report. Thank you, Mr. President.

COMMUNICATIONS

The Following Communication: S.C. 423

**STATE OF MAINE
ONE HUNDRED AND TWENTY-FIFTH LEGISLATURE
COMMITTEE ON LABOR, COMMERCE, RESEARCH AND
ECONOMIC DEVELOPMENT**

June 2, 2011

The Honorable Kevin L. Raye
President of the Senate of Maine
125th Maine Legislature
State House
Augusta, Maine 04333-0003

Dear Mr. President:

In accordance with 3 M.R.S.A., Section 157, and with Joint Rule 505 of the 125th Maine Legislature, the Joint Standing Committee on Labor, Commerce, Research & Economic Development has had under consideration the nomination of George C. Gervais of Hampden, for appointment as the Commissioner of the Department of Economic and Community Development.

After public hearing and discussion on this nomination, the Committee proceeded to vote on the motion to recommend to the Senate that this nomination be confirmed. The Committee Clerk called the roll with the following result:

YEAS	Senators	3	Rector of Knox, Jackson of Aroostook, Martin of Kennebec
	Representatives	10	Prescott of Topsham, Dow of Waldoboro, Driscoll of Westbrook, Gilbert of Jay, Herbig of Belfast, Hunt of Buxton, Newendyke of Litchfield, Tuttle of Sanford, Volk of Scarborough, Cushing of Hampden

NAYS 0

ABSENT 0

Thirteen members of the Committee having voted in the affirmative and none in the negative, it was the vote of the Committee that the nomination of George C. Gervais of Hampden, for appointment as the Commissioner of the Department of Economic and Community Development be confirmed.

Signed,

S/Christopher W. Rector
Senate Chair

S/Kerri L. Prescott
House Chair

READ and ORDERED PLACED ON FILE.

The President Pro Tem laid before the Senate the following:
"Shall the recommendation of the Committee on **LABOR, COMMERCE, RESEARCH AND ECONOMIC DEVELOPMENT** be overridden?"

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Penobscot, Senator Schneider.

Senator **SCHNEIDER:** Thank you Mr. President. Men and women of the Senate, I rise to briefly say a few words on the record about this excellent candidate. I've had the good fortune to have had many interactions with Mr. Gervais since his arrival at the Department of Economic and Community Development and all of them have been positive. Each discussion I've had with him about business has shown me that he has an in-depth sensibility about the business world. He cares about creating an environment that helps businesses grow. Mr. Gervais has been in the trenches of the business world and he has a keen sense of their needs. He has the strength to help, the ability to listen, and the willingness to work collaboratively to get any job accomplished. He is an excellent choice for the position of Commissioner of the Department of Economic and Community Development. I urge your support. I am so delighted that he has been selected by the Governor for this position. I thank you very much for your attention.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Knox, Senator Rector.

Senator **RECTOR:** Thank you Mr. President. Men and women of the Senate, I just want to echo the words of my good colleague from Penobscot. We are delighted to have Mr. Gervais nominated for the position of Commissioner of DECD. It's a job that he has already demonstrated he has skills in, having been the Acting Commissioner for some time, and has actually been exceptional, I would say, in his working relationship with each and every member of the committee and with the Legislature in general. I think we are very fortunate to have his talents and look forward to working with him in the future. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from York, Senator Sullivan.

Senator **SULLIVAN:** Thank you Mr. President. Men and women of the Senate, I would concur with everything that has been said. This is an outstanding candidate who really can help move our business world forward in the state of Maine.

In accordance with 3 M.R.S.A., Chapter 6, Section 151, and with Joint Rule 506 of the 125th Legislature, the vote was taken by the Yeas and Nays.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

 Senate Chair

S/Kerri L. Prescott
 House Chair

READ and ORDERED PLACED ON FILE.

The President Pro Tem laid before the Senate the following:
 "Shall the recommendation of the Committee on **LABOR, COMMERCE, RESEARCH AND ECONOMIC DEVELOPMENT** be overridden?"

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Knox, Senator Rector.

Senator **RECTOR:** Thank you Mr. President. Men and women of the Senate, I just want to take a brief moment and say we are fortunate, indeed, to have a man of the exceptional caliber and character that General Winglass is in putting himself forward to be Commissioner of Labor. This is a position that we have been seeking leadership for a while. We think Laura Boyett in her acting role there, but I know she and others in the department are going to be relieved to have the leadership of General Winglass stepping in as Commissioner. He has years of experience, over 30 years experience, in the Marine Corps. He also worked for IBM for some time. He brings the skill set of team building and leadership in a way that has been extraordinary, I think, and is going to serve the State of Maine well. We, on the committee, look forward to working with him. Thank you, Mr. President.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Androscoggin, Senator Snowe-Mello.

Senator **SNOWE-MELLO:** Thank you Mr. President. I have the honor and privilege to stand here today in complete support of my friend, General Robert Winglass. Having known General Winglass, Bob, for many, many years, I know he is a man with complete integrity. He will also offer balance, which is so very needed in this position. I stand here and am just thrilled that he will be our Commissioner of Labor. Thank you.

In accordance with 3 M.R.S.A., Chapter 6, Section 151, and with Joint Rule 506 of the 125th Legislature, the vote was taken by the Yeas and Nays.

The Doorkeepers secured the Chamber.

The Secretary opened the vote.

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Oxford, Senator Patrick.

Senator **PATRICK:** Thank you Mr. President. Men and women of the Senate, colleagues and friends, I just wanted to get up and say that this is actually a good small business bill. You have a license for an initial agency store license it's \$2,000 and thereafter you have a renewal for the agency store of \$300, the annual license for beer for \$200, the annual fee for a wine license for \$200. The original bill was going to allow a Class 8 license and the original bill asked for \$900 for the license because we're actually combining and making it easier on businesses. The committee got together and allowed the fee to stay at the \$700 which it was and it will make it a lot easier and efficient for those that have the licenses. This is actually a good business bill and I just wanted to make that clarification because we were all in agreement with that. Thank you.

On further motion by same Senator, Senate Amendment "A" (S-242) to Committee Amendment "A" (S-180) **READ.**

THE PRESIDENT PRO TEM: The Chair recognizes the Senator from Cumberland, Senator Diamond.

Senator **DIAMOND:** Thank you Mr. President. Ladies and gentlemen of the Senate, just quickly. This is the sex offender registry legislation that was passed unanimously by the committee. It was voted unanimously in both Bodies. It was going through well. There was a fiscal note within the bill. The Department of Public Safety realized they didn't need to have a fiscal note on it. Therefore, it did not need to go to the table. The money, the \$3,900 and the \$3,700 from the Highway Fund and the General Fund can be easily covered by a grant from the federal government of \$308,000 designed to work on states' registry problems. This is easily covered. That's what the amendment does. Thank you very much.

On motion by Senator **DIAMOND** of Cumberland, Senate Amendment "A" (S-242) to Committee Amendment "A" (S-180) **ADOPTED.**

Committee Amendment "A" (S-180) as Amended by Senate Amendment "A" (S-242) thereto, **ADOPTED**, in **NON-CONCURRENCE.**

PASSED TO BE ENGROSSED AS AMENDED BY COMMITTEE AMENDMENT "A" (S-180) AS AMENDED BY SENATE AMENDMENT "A" (S-242) thereto, in **NON-CONCURRENCE.**

Ordered sent down forthwith for concurrence.

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:
